

Orcutt Academy Now Accepting Enrollment Applications for 2016-2017

The Orcutt Academy is now accepting enrollment applications for the 2016-2017 school year. Prospective parents/guardians are asked to submit enrollment applications using the online form accessible here. One enrollment application must be submitted for each student. Also, all parents/guardians who claim residency in the Orcutt Union School District will be asked to submit proof of residency.

Please read carefully the enrollment application for details on all enrollment, lottery, and admissions procedures. It is strongly recommended that prospective parents/guardians attend an information night for a complete presentation on the school, its campuses, and lottery and admissions procedures.

Please click one or more of the following links for more information on enrollment or to submit an online enrollment application.
